

Population growth

Within the next ten years, the population of Barking and Dagenham, Havering and Redbridge is expected to grow by over **15%** (equivalent of an extra 120,000 people).

The younger and older population groups are expected to see the greatest increase with a 22% growth in those who are aged over 75, and a 20% growth in those who are aged 19 or below.

Note: largest net inflow of children in London
